City of Morgan Hill

INTRODUCTORY SECTION

This section provides a description of the City and its economic conditions, achievements, and organization structure.

Fund Balance of Governmental Funds - Total \$54.0 million

Working Capital of Proprietary Funds - Total \$33.7 million

Note: The above fund balances include the undesignated portion of fund balance and the amounts reserved or designated for the following: Housing, Economic Development, Capital Expansion Projects and Debt Service. Working Capital represents current assets less current liabilities and is the best indicator of the financial status of a proprietary fund of a government.

December 18, 2002

Honorable Mayor, Members of the City Council, City Manager, and Citizens of Morgan Hill:

The Comprehensive Annual Financial Report for the City of Morgan Hill, California for the fiscal year ended June 30, 2002, is submitted for your information and review. The responsibility for the accuracy of the information, and the completeness and fairness of the presentation, including all disclosures, rests with the City's management. To the best of our knowledge, the enclosed information is accurate in all material respects and is reported in a manner designed to present fairly the financial position and the results of operations of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included. The financial statements within this report have been audited by the City's independent auditor, Caporicci & Larson, which has issued an unqualified opinion. The auditor's opinion letter is included in this report.

The City was not required to undergo a single audit for 2001/02 federal assistance to the City under the provisions of *The Single Audit Act*, as amended in 1996, and the *U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non Profit Organizations*.

The comprehensive annual financial report is presented in three sections: Introductory, Financial and Statistical. The Introductory Section, which is unaudited, includes this letter of transmittal, a list of the City's elected officials and administrative personnel, an organization chart, an area map, and certificates of award for financial reporting. The Financial Section includes the independent auditor's report on the financial statements and schedules, general-purpose financial statements, and combining and account group financial statements and schedules. The Statistical Section, which is unaudited, includes selected financial and demographic information, generally presented on a multi-year basis.

The financial reporting entity includes all of the funds and account groups of the primary government, the City of Morgan Hill, as well as all of its component units. Component units are legally separate entities for which the primary government is fully accountable. The Morgan Hill Wastewater Facilities Financing Corporation and the Redevelopment Agency of the City of Morgan Hill are governed by boards which are substantially the same as the City's governing body. These two component units have been blended into the City's general purpose financial statements because the City is able to impose its will on these component units, and the component units provide services primarily to the City. The Morgan Hill Corporation Yard Commission is a joint powers association between the City and the Morgan Hill Unified School District and it functions for the benefit of the City and the School District. Since the services of the Corporation Yard Commission are not provided primarily to the City, the financial information for the Commission is discretely presented in the combined financial statements so that this information may be separately accounted for.

This report includes all funds and account groups of the City. The City provides a broad range of services including police protection, business assistance and housing, water and sanitation services, streets and parks construction and maintenance, planning and engineering, code enforcement, recreation, and general city administration and support services. The City receives fire protection services from the Santa Clara County Fire Department under a contract. The City relies on franchised solid waste collection services.

ECONOMIC CONDITIONS AND OUTLOOK

The City Council has consistently faced the challenge of balancing policies that stimulate and support economic growth with maintenance and improvement of the quality of life in Morgan Hill. The City benefits from a diverse local economy which includes a variety of business activities and employers. The largest employers are: Anritsu, Morgan Hill Unified School District, Abbott Laboratories, EDO Reconnaissance & Surveillance Systems, Media Arts Group, Paramit Corporation, Fox Racing, Educational Data Systems, Custom Chrome, and the City of Morgan Hill.

Business attraction, economic development, affordable housing and capital improvements provide the foundation of the City's strategy for enhancing economic growth. Prudence in fiscal matters guides the City's management of its finances. Economic boom times are balanced with financial common sense to plan for future financial soundness.

Goal setting and establishment of priorities based on community input assure that issues important to the citizens of Morgan Hill are appropriately addressed. These issues include access to housing, enhanced recreation facilities, public safety, and emergency services. The City has been responsive to these issues, as shown by the progress toward these goals and the establishment of a solid foundation for the future. In particular, a substantial Capital Improvement Program includes a community and cultural center that is currently under construction, increased park and recreational opportunities and substantial infrastructure improvements. In addition, the City is committed to the redevelopment process through the actions of the Redevelopment Agency.

Currently, Morgan Hill is experiencing the effects of a continuing slowdown in the regional, state, and national economy, but the future economic picture for the City of Morgan Hill is bright. Beginning in the fourth quarter of 2000/01, the City began experiencing the effects of the recession. Employment for the City's top 40 employers dropped by 6.4% from July 2001 to July 2002 to a level of 5,637. Unemployment and commercial vacancy rates have risen throughout the Silicon Valley. Property tax collections have remained stable, reflecting higher residential property values offset somewhat by lower commercial property values.

The downturn in the economy reduced the City's General Fund tax revenue collections in 2001/02 and is continuing to affect tax revenue collections in 2002/03. As a result, the City's General Fund is expected to take in approximately \$367,000, or 2.3%, less in total revenues during 2002/03 than originally anticipated in the 2002/03 Budget. A projected \$530,000 shortfall in expected sales taxes, a \$100,000 decrease in State mandated cost reimbursements, and an \$87,000 drop in investment earnings are projected to be offset by an extra \$235,000 in motor vehicle-in-lieu fees, an increase of \$84,000 in transit occupancy tax revenue, and an additional \$31,000 in other revenue. The sales taxes loss represents 9% less than the amount budgeted. The loss in mandated cost reimbursements from the State of California results from the State's Budget dilemma. Falling interest rates have caused the projected drop in investment earnings. When the \$367,000 revenue shortfall is added to the \$263,000 excess of 2002/03 appropriations over estimated revenues reflected in the current budget, the projected excess of expenditures over revenues for 2002/03 without any corrective actions would be \$630,000. As a result of this projected shortfall, the City Council in November 2002 directed staff to reduce General Fund 2002/03 expenditures by a 4% target reduction for all departments as a whole except for Fire and Medical Services, while minimizing adverse service effects. This action will save \$446,000. The \$184,000 balance of the shortfall is to be covered by using fund balance designated for economic uncertainty in the General Fund existing at June 30, 2002. In November 2002, the City Council also adopted a reserve and designations policy for key operating funds. For the General Fund, the City Council formally established a general reserve equal to 20% of budgeted revenues and increased the designations for economic uncertainty and for emergencies so that each equals 10% of budgeted revenues.

The General Fund had a very strong unreserved fund balance of approximately \$11.7 million at June 30, 2002, which amounts to 71% of the 2002/03 General Fund Budget. This substantial fund balance, along with the City Council's history of taking necessary strategic budgetary steps, will allow the City to safely weather the recession, to withstand any State take-aways of local revenue, to pay anticipated increases

in retirement costs, and to provide for the operations of new City facilities that will be coming on-line during the next few years.

MAJOR INITIATIVES

Key accomplishments of the 2001/02 Fiscal Year

- Completed design of Community Playhouse and began construction
- Began construction on the new Community & Cultural Center
- Acquired land for Aquatics Center, Sports Center, Indoor Recreation Center, and County Courthouse
- Completed business plan for the Community & Cultural Center
- Began construction on Murphy Ranch Affordable Housing Development
- Recommended a comprehensive financial plan, including a 10 year financial forecast
- Analyzed funding levels and strategy for fleet management, information technology, & equipment
- Recommended an implementation strategy for the Fire & emergency Medical Services Master Plan
- Supported work of Morgan Hill Community Health Foundation to facilitate local medical services
- Updated the Housing Element of the General Plan
- Began the Update of the Downtown Design Plan
- Began development of a Gateway Plan
- Conducted an Audit of Development Processing Services
- Enhanced the City's Web Site
- Developed a new City logo
- Improved City's budget process and incorporated departmental performance measures
- Constructed plan to implement GASB 34, requiring significant changes to City's financial statements
- Completed Master Plans for Water, Wastewater, and Storm Drainage
- Acquired some land for the Butterfield Blvd. Extension (San Pedro to Tennant)
- Developed a preliminary design for a Community Indoor Recreation Center
-

Goals for the 2002/2003 Fiscal Year:

- Pursue State funding for a new Library
- Open new Community & Cultural Center and Playhouse
- Complete preliminary/final design for: Indoor Recreation Center, Library, Aquatics Center, & Sports Complex
- Work with Santa Clara County to develop Morgan Hill Courthouse
- Assist Morgan Hill Community Health Foundation to provide medical services
- Complete Murphy Avenue Corridor Study
- Implement an auto dealer marketing strategy
- Implement audit recommendations from development processing audit
- Expand curbside recycling program to include plastics 3-7, scrap metals, and other materials
- Implement expanded business license audit program by using new data bases
- Select and implement a new financial system software package
- Develop detailed Police Facility Master Plan
- Begin construction of 72 unit "Church Street" mixed-use housing and office project
- Add more E-government resources to website to increase community access to City services
- Compile core competencies for all City employees and recruit & select for those competencies
- Complete two new City water reservoirs
- Complete and implement City's Comprehensive Housing Strategy
- Complete drilling of new water well at Boys Ranch
- Implement GASB 34 financial statement reporting for fiscal year 2002/03

- Commence design of the Butterfield Detention Basin
- Complete construction of Butterfield Blvd. Extension from San Pedro to Tennant
- Make improvements to increase capacity of Wastewater Treatment Plant to 8.5 MGD
- Aggressively deliver 5 year Capital Improvement Plan (CIP) of \$155 million

ACCOUNTING SYSTEMS AND BUDGETARY CONTROLS

When developing and evaluating the City's accounting system, consideration is given to the effectiveness of the internal accounting controls. Internal accounting controls are designed to provide reasonable assurance regarding: safeguarding of assets against loss, accuracy and reliability of accounting data, and adherence to prescribed managerial policy. Reasonable assurance recognizes that the cost of a control should not exceed benefits to be derived. The evaluation of costs and benefits requires estimates and judgments by management. We believe the internal accounting controls of the City adequately safeguard assets and provide reasonable assurance of proper recording of the financial transactions.

State statutes and City policy require an approved budget before expenditures are made. Budgets are adopted for all governmental funds and proprietary funds.

Budget proposals are prepared by the City's Department Directors. The budget proposals, with justifications, are submitted to the Finance Department for compilation. The budget is compiled and the City's preliminary budget is presented to the City Manager for review. The City Council reviews the preliminary budget at study sessions open to the public. Changes made at these sessions are incorporated into the final budget. The final budget is then submitted to the City Council for adoption at a public hearing.

The City Council may amend the budget by resolution during the year. The City Manager may transfer appropriations within an activity to facilitate the functions of that activity in accordance with the directions, goals, and policies of the City Council. A transfer of appropriations between activities requires City Council approval and any additional appropriations also require approval by the City Council. The budgeted amounts presented in the report are as originally adopted or, if amended, then as amended by the City Council.

FINANCIAL HIGHLIGHTS - GENERAL GOVERNMENT FUNCTIONS

The fiscal operations of the City for all general governmental functions are accounted for in the General Fund, Special Revenue Funds, Capital Projects Funds and Debt Service Funds. These funds together are referred to as Governmental Fund Types. This group of funds includes the Redevelopment Agency Funds.

Revenues for these funds totaled \$41,801,073, a 12.8% decrease over the 2000/01 revenues. Revenues for 2001/02 by major source are summarized for all governmental funds as follows:

GOVERNMENTAL FUNDS

Revenues by Source	2001/02 Year Amount	% of Total	2000/01 Prior Year Amount	\$ Change from Prior Year	% Change from Prior Year
Property Taxes and Special Assessments	\$19,454,298	46.5%	\$18,431,805	\$1,022,493	5.5%
Sales Taxes	4,870,295	11.7%	5,532,132	(661,837)	(12.0)%
Hotel Tax	931,716	2.2%	1,369,168	(437,452)	(32.0)%
Franchise and Other Taxes	1,511,745	3.6%	1,434,093	77,652	5.4%
Licenses and Permits	205,594	0.5%	200,892	4,702	2.3%
Funding from Other Governmental Agencies	3,316,144	7.9%	6,628,611	(3,312,467)	(50.0)%
Charges for Current Services	6,563,464	15.7%	7,831,911	(1,268,447)	(16.2)%
Investment Income and Rentals	3,376,460	8.1%	4,779,827	(1,403,367)	(29.4)%
Fines, Forfeitures, and Other	9,221,357	3.8%	1,718,814	(147,457)	(8.6)%
Total Revenues	\$41,801,073	100.0%	47,927,253	(6,126,180)	(12.8)%

Revenue Sources – All Governmental Funds Fiscal Year Ended June 30, 2002

The 12% drop in Sales Taxes was associated with the recession during 2001/02. Hotel Taxes decreased by 32% in 2001/02 due to decreased occupancy rates and decreased demand associated with business travel. Funding from Other Governmental Agencies decreased primarily because of one-time street project grant revenues that were received during 2000/01. The decrease in Charges for Current Services was associated with the timing of payments to the City for housing and commercial development. Investment Income and Rentals decreased primarily because of a lower average return on investments related to declining interest rates. Fines, Forfeitures, and Other decreased primarily because \$909,815 in loan proceeds was received in the prior year by the Redevelopment Agency from the California Housing Finance Agency to assist in financing the Church Street Mixed Use Affordable Housing Project.

Expenditures for the governmental funds totaled \$48,258,871, a 51.9% increase over the prior year related to increased capital spending. Expenditures by program categories are summarized in total for the governmental funds as follows:

Expenditures by Program	2001/02 Year Amount	% of Total	2000/01 Prior Year Amount	\$ Change from Prior Year	% Change from Prior Year
Government Administration	\$6,619,935	13.7%	\$4,225,128	\$2,394,807	56.7%
Police Services	5,877,411	12.2%	5,529,991	347,420	6.3%
Fire Services	3,559,610	7.4%	3,350,334	209,276	6.2%
Community Development and Public Works	4,635,063	9.6%	4,145,308	489,755	11.8%
Capital Outlay	24,015,057	49.8%	13,536,133	10,478,924	77.4%
Debt Service	3,551,795	7.3%	979,626	2,572,169	262.6%
Total Expenditures	\$48,258,871	100.0%	\$31,766,520	16,492,351	51.9%

Expenditure Uses – All Governmental Funds Fiscal Year Ended June 30, 2002

The increase in Government Administration expenditures over the prior year was due to the inclusion of Finance, Human Resources, and City Attorney activity as expenditures within the General Fund for 2001/02; in the prior year, this activity was treated as expenses within the Finance, Human Resources, and City Attorney internal service funds and was not included in the Combined Statement of Revenues, Expenditures, and Changes in Fund Balance for All Governmental Fund Types. The increase in Community Development & Public Works was primarily associated with increased costs related to a higher level of internal service fund charges and General Fund administration overhead based upon a revised cost allocation process. The increase in Capital Outlay was related to a higher level of community development and public works projects. The increase in Debt Service related to the multi-year purchase of a property for a future Sports Complex by the Redevelopment Agency.

FINANCIAL HIGHLIGHTS - PROPRIETARY FUNDS

The Proprietary Fund Types fund group consists of Enterprise and Internal Service funds. The Enterprise Funds are the Water Fund, the Sewer Fund and the Wastewater Facilities Financing Corporation Fund. The Enterprise Funds were established to account for the financing of self-supporting activities which render services, such as water and wastewater treatment, to the public. The costs are primarily financed by user charges based on services rendered. This includes the payment of long-term debt related to these activities.

The Internal Service Funds are similar to Enterprise Funds in operating nature, except that they provide services to other City departments rather than to the public. The Internal Service Funds include Building Maintenance, CIP Administration, Equipment Replacement, and insurance funds for Unemployment, Workers' Compensation and General Liability.

Total revenues for all primary government Proprietary Funds decreased by 18.1% as shown below. Within these Proprietary Funds, Enterprise Fund revenue decreased by 12.1 % to \$14,778,907, related to lower sewer and water impact and connection fee revenue and to less investment income, while Internal Service Fund revenue dropped by 46.6% to \$3,134,168 primarily because of the removal of three internal service funds for 2001/02.

PROPRIETARY FUNDS

Revenues	2001/02 Year Amount	% of total	2000/2001 Prior Year Amount	\$ Change from Prior Year	% Change from Prior Year
Charges for Current Services	\$16,513,687	92.2%	\$19,573,246	\$(3,059,559)	(15.6)%
Investment Income, Rentals and Other	1,399,388	7.8%	2,309,773	(910,385)	(39.4)%
Total Revenues	\$17,913,075	100.0%	\$21,883,019	\$(3,969,944)	(18.1)%

The decrease in Charges for Current Services over the prior year was primarily due to the removal of Finance, Human Resources, and City Attorney activity as revenue within the Finance, Human Resources, and City Attorney internal service funds; in 2001/02, this activity was instead accounted for in the General Fund and included in the Combined Statement of Revenues, Expenditures, and Changes in Fund Balance for All Governmental Fund Types. In addition, less revenue was collected in sewer and water impact fee and connection fee revenue. Sewer and water user fee revenues were stable.

Investment Income, Rentals and Other revenues decreased compared to the prior year primarily because of lower interest rates and because of the reclassification of activity previously accounted for in three internal service funds.

The Morgan Hill Corporation Yard Commission discrete component unit revenues decreased by 36.2% from \$794,838 to \$507,150 due to a drop in supplemental rent from operations related to a smaller amount of charges necessary to recover fuel contamination leak operating expenses.

Expenses for all primary government Proprietary Funds decreased by 2.7% as shown below:

Expenses	2001/02 Amount	% of Total	2000/01 Prior Year Amount	\$ Change from Prior Year	% Change from Prior Year
Salaries and Benefits	\$2,678,836	16.3%	\$3,484,306	\$(805,470)	(23.1)%
Utilities and Taxes	1,810,270	11.0%	1,365,095	445,175	32.6%
Claims / Insurance Premiums	727,681	4.4%	569,278	158,403	27.8%
Operations and Maintenance	4,424,484	26.9%	5,360,678	(936,194)	(17.5)%
Depreciation and Amortization	4,175,759	25.4%	3,206,884	968,875	30.2%
Administrative Charges	752,646	4.6%	971,077	(218,431)	(22.5)%
Interest and Other Expense	1,865,520	11.4%	1,936,156	(70,636)	(3.6)%
Total Expenses	\$16,435,196	100.0%	\$16,893,474	\$(458,278)	(2.7)%

The decreases in Salaries & Benefits, in Operations & Maintenance, and in Administrative Charges over the prior year were due to the removal of Finance, Human Resources, and City Attorney activity as expenses within the Finance, Human resources, and City Attorney internal service funds; in 2001/02, this activity was instead accounted for in the General Fund and included in the Combined Statement of Revenues, Expenditures, and Changes in Fund Balance for All Governmental Fund Types.

The increase for Claims/Insurance Premiums was related to a higher level of general liability claims costs. The increase in Depreciation & Amortization was related to the completion of major projects that had been previously accounted for as construction in progress.

The Morgan Hill Corporation Yard Commission discrete component unit expenses decreased by 16.5% from \$669,312 to \$559,024 due to a drop in fuel contamination leak operating expenses.

FINANCIAL HIGHLIGHTS - FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the City as a trustee or agent for certain organizations and other governmental entities. These Agency Funds are created when the City becomes a custodian of and responsible for distribution of assets owned by others. These funds are used to account for deposits from developers, for assessments collected for Morgan Hill Ranch, Tennant Business Park, and Madrone Business Park Assessment Districts for which the City is not obligated in any manner, and for other deposits.

DEBT ADMINISTRATION

The City had the following long-term obligations outstanding as of June 30, 2002:

Debt & Other Long-Term Obligations	Funding Source	Debt Amount
Special Assessment Districts for which the City is Obligated in some manner: • Encino Hills AD • Morgan Hill Business Park AD • Sutter Business Park AD • Cochrane Business Park AD • Joleen Way AD	Future Special Assessments collected from District property owners	\$1,680,000
Water Certificate of Participation	Future service fees collected by the Water Fund	4,036,396
Water Facilities Loan	Future service fees collected by the Water Fund	1,152,206
Sewer Capacity Rights	Future service fees collected by the Sewer Fund	23,297,557
RDA Housing Loan	Repayment from borrower	941,671
RDA Property Acquisition Loans	Future tax increment revenues collected by the Agency	8,350,000
General Compensated Absences	Unrestricted revenues of the City	442,834
Total Long Term Debt		\$39,900,664

GOVERNMENTAL FUND BALANCES

The unreserved, undesignated fund balance for all governmental funds combined decreased by \$615,061 to \$21,279,63 at June 30, 2002, compared to the prior year. This included a \$593,253 increase to a level of \$8,201,647 for the General Fund unreserved, undesignated fund balance. However, when \$3,382,000 in designations is included, the General fund's total unreserved fund balance increased by \$975,253 to a level of \$11,583,647, which represented 9.2% more than the previous year's balance.

CASH MANAGEMENT

Temporarily idle cash, not restricted for other uses, was invested in the California Local Agency Investment Fund (LAIF) and in U.S. Government Securities. Investments in LAIF are highly liquid, and generally may be converted to cash within twenty-four hours without loss of investment income. Of LAIF's total investments as of June 30, 2002, approximately 17% was invested in Government Bills and Notes, 22% in Federal Agency Coupons and Discount Notes, 12% in CD's, 31% in Commercial Paper and Corporate Bonds and 18% in other investments. The amount of investment income earned for all funds decreased from the prior year due to average lower interest rates on City investments.

RISK MANAGEMENT

The City is a member of the Association of Bay Area Governments (ABAG). The city participates in the ABAG-PLAN, a self-insured risk pool formed by certain cities in California to pool their insurance risk and help lower the overall cost of providing insurance coverage for general liability claims. The coverage amount is \$10 million per occurrence, subject to a \$50,000 deductible, which increased to \$100,000 at July 1, 2002. The City Manager, the Finance Director as Risk Manager, and the City Attorney work with the ABAG-PLAN to coordinate the City's insurance policies, maintain insurance records and represent the City in handling claims.

In addition, the City is fully self-insured for unemployment insurance. The City is also self insured for workers' compensation up to a maximum of \$250,000 for each claim. Purchased insurance covers the excess up to \$5,000,000 per year for workers compensation claims.

AWARDS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Morgan Hill for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2001. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, the contents of which conform to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements.

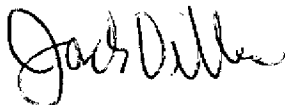

The GFOA certificate is valid for a period of one year only. The City has received this certificate for the last eight consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA again this year.

In addition, the City received the Certificate of Award for Outstanding Financial Reporting from the California Society of Municipal Finance Officers (CSMFO), for the seventh consecutive year, for its Comprehensive Annual Financial Report the fiscal year ended June 30, 2001. The criteria for this award are very similar to that of GFOA.

ACKNOWLEDGMENTS

The Comprehensive Annual Financial Report represents many months of work by the City's entire Finance Department staff. Special thanks go to Assistant Finance Director Tina Reza and to Accountants Isabel Jones and Lourdes Reroma for their accomplishments in the preparation of this report. I also wish to express my appreciation to the City Council and City Manager for their leadership and support.

Sincerely,

Jack Dilles
Director of Finance

CITIZENS OF MORGAN HILL

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Morgan Hill,
California

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2001

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Timothy Brewer
President

Jeffrey L. Esser
Executive Director

California Society of Municipal Finance Officers

Certificate of Award

Outstanding Financial Reporting 2000-2001

Presented to the

City of Morgan Hill

*This certificate is issued in recognition of meeting professional standards and criteria in reporting
which reflect a high level of quality in the annual financial statements
and in the underlying accounting system from which the reports were prepared.*

February 20, 2002

James Roberts
Chair, Professional & Technical Standards Committee

Dedicated to Excellence in Municipal Financial Management

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of City Council
of the City of Morgan Hill
Morgan Hill, California

We have audited the accompanying general purpose financial statements of the City of Morgan Hill, California (City), as of and for the year ended June 30, 2002, as listed in the foregoing table of contents. These general purpose financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the City as of June 30, 2002, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles in the United States.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements of the City, taken as a whole. The accompanying combining, individual fund and account group financial statements and schedules listed in the foregoing table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the City. This additional information is the responsibility of the management of the City. Such additional information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects when considered in relation to the general purpose financial statements taken as a whole. We did not audit the statistical information listed in the foregoing table of contents and, accordingly, we express no opinion on the statistical section.

FINANCIAL SECTION

This section begins with the general-purpose financial statements (GPFS), including the notes providing additional explanation on the GPFS, and the Independent Auditor's Report by Caporicci, Cropper & Larson, LLP, expressing an unqualified opinion on the City's GPFS. The GPFS helps to provide an overview of the financial position and operations of the City for all funds and account groups.

This is followed by combining individual fund and account group financial statements and schedules, which show in more detail the financial activity and position of the City's various funds.

Expenditure Distribution of Governmental Funds - Total \$48.3 million

Expense Distribution of Proprietary Funds - Total \$16.4 million

Note: Expenses include nonoperating expenses for Proprietary Funds.

CITY OF MORGAN HILL

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

1. DEFINITION OF THE REPORTING ENTITY

The City of Morgan Hill, California, (the City) was incorporated in November 1906 as a general law city and operates under a Council-Manager form of government.

As required by Statement No. 14 of the Governmental Accounting Standards Board (GASB), these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government. Each blended and discretely presented component unit has a June 30 fiscal year end.

Blended Component Units. The Morgan Hill Wastewater Facilities Financing Corporation (the Financing Corporation) and the Redevelopment Agency of the City of Morgan Hill (the Agency) are governed by boards which are substantially the same as the City's governing body and serve the City exclusively. The Morgan Hill Wastewater Facilities Financing Corporation was established in 1988 to facilitate the issuance of debt for capital improvements. The Redevelopment Agency operates under California Redevelopment Law and provides business and housing activities. Both component units have been blended into the City's general purpose financial statements. The activities of the Financing Corporation are reported as an Enterprise Fund and the Redevelopment Agency's activities are reported as a Capital Project Fund on the City's general purpose financial statements.

The Financing Corporation does not issue separate general purpose financial statements.

Discretely Presented Component Unit. The Morgan Hill Corporation Yard Commission functions for the benefit of the City and the Morgan Hill Unified School District. The Commission is equally comprised of members from each governing body and one member at large. The Commission was formed in 1975 to facilitate the operation of a joint tenancy between the school district and the City. The activities of the Commission are included in the City's general purpose financial statements as a discretely presented component unit because the board is not substantially the same as the primary government's, nor does it operate exclusively, nor almost exclusively, for the benefit of the City.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

1. DEFINITION OF THE REPORTING ENTITY

Complete financial statements for the Agency and the Commission may be obtained from the City at the following address:

City of Morgan Hill
Attention: Finance Department
17555 Peak Avenue
Morgan Hill, CA 95037

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying general-purpose financial statements of the City have been prepared in conformity with generally accepted accounting principles as applied to governmental units. The more significant accounting policies of the City are described in the following sections.

(a) *Basis of Presentation*

The accounts of the City are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund balance or retained earnings, revenues, and expenditures or expenses, as appropriate. City resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be expended and the means by which spending activities are controlled. The City's funds are grouped in the general-purpose financial statements as follows:

Governmental Fund Types

Governmental funds are those through which most governmental functions of the City are financed. The acquisition, use, and balances of the City's expendable financial resources and the related liabilities (except those accounted for in proprietary funds and agency funds) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position, rather than upon net income.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The following are the City's Governmental Fund Types:

General Fund

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those accounted for in another fund.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments and major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Funds

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Project Funds

Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Special Revenue Fund and Proprietary Fund Types).

Proprietary Fund Types

Proprietary funds are used to account for the City's ongoing activities which are similar to those often found in the private sector. The measurement focus is based upon determination of net income. Proprietary Fund Types include Enterprise Funds and Internal Service Funds:

Enterprise Funds

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency of the City to other departments or agencies on a cost-reimbursement basis.

Fiduciary Fund Types

Agency Funds

Agency funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Assets equal liabilities and the measurement of operations is not a focus.

Account Groups

Account Groups are used to establish accounting control and accountability for the City's general fixed assets and general long-term debt. The following are the City's Account Groups:

General Fixed Asset Account Group

Fixed assets of the City other than those accounted for in the Proprietary Fund Types are accounted for in the General Fixed Assets Account Group.

General Long-Term Debt Account Group

Long-term liabilities, including the long-term portion of vested compensated absence obligations expected to be financed by governmental funds, are accounted for in the General Long-Term Debt Account Group.

(b) *Basis of Accounting*

Governmental Fund Types

Governmental fund types are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

"Measurable" means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers property taxes and special assessments to be available and subject to accrual if they are levied for and due within the fiscal year and collected within 60 days after year-end. In accordance with GASB Statement No. 33, the City reports revenues from non-exchange transactions, such as sales tax, transient occupancy tax and motor vehicle tax, in the period the underlying transaction occurred or when the use of the resources is required or first permitted.

Recognition of assets, liabilities, expenses and expenditures follow this same requirement, except for principal and interest on long-term debt, which is recognized when due and the long term portion of compensated absences, which is recognized in the period in which it is expected to be paid.

Proprietary Fund Types

Proprietary funds are accounted for using the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the accounting period in which they are incurred. Unbilled service receivables in the Enterprise Funds are accrued at year-end.

For its proprietary type activities, the City has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and other Governmental Activities that Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board (FASB) and the Accounting Principles Board (APB), as well as Accounting Research Bulletins (ARB) issued on or before November 30, 1989, unless they contradict or conflict with GASB pronouncements.

Agency Fund Types

These funds are purely custodial in nature (assets equal liabilities) and thus do not involve the measurement of results of operations. These funds are accounted for on the modified accrual basis.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

(c) *Budgetary Information*

State statutes require a budget be approved before any expenditures are made. Budgets are adopted for all Governmental and Proprietary Fund Types. Budgetary comparisons are reflected in the City's financial report for all governmental funds.

From the effective date of the budget, the amounts stated therein as proposed expenditures become appropriations of the various governmental funds. The City Council may amend the budget during the fiscal year. The City Manager is authorized to transfer appropriations within an activity budget to facilitate the functions of that activity in accordance with the directions, goals and policies of the City Council. Activities are defined as departments, such as Finance, Parks Maintenance or Police Patrol. Council approval is required for additional appropriations or transfers between departments (activities). Unencumbered appropriations lapse at the end of each fiscal year.

Budget proposals are prepared by each of the City's department directors. The budget proposals and justifications are submitted to the Finance Department, which compiles the information and prepares the City's preliminary budget. The City Council reviews the preliminary budget at a meeting open to the public. Changes approved at this meeting are incorporated into the final budget. The final budget is then submitted to the City Council for adoption at a public hearing.

Any revisions that increase the total budgeted expenditures of any activity (department) must be approved by the City Council. Expenditures and encumbrances may not legally exceed budgeted appropriations at the department level. Budgeted amounts presented in the general-purpose financial statements are as originally adopted and include amendments approved by City Council during the fiscal year.

(d) *Encumbrances*

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in all Governmental Fund Types. Encumbrances outstanding at year-end are reappropriated in the next year and reported as reservations of fund balances since they do not constitute expenditures or liabilities.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

(e) *Cash and Investments*

Cash and investments of individual funds are combined for investment purposes in a commingled pool except for the investments held by fiscal agents, which are maintained and invested separately.

The City's cash and cash equivalents are considered to be cash on hand or demand deposits. Cash equivalents are stated at fair value. The fair value of investments is determined annually and is based on current market prices. Investment income earned on the commingled pool is allocated quarterly among the funds based upon the average daily balance of cash maintained by each fund.

Gains or losses on securities included in the investment portfolio are recognized at the earlier of the end of the fiscal year or when the related security is sold. Investments in securities purchased with the intent to trade for a profit are prohibited by City policy.

Resolutions authorizing certain bonds require that certain amounts be held by a fiscal agent to secure principal and interest payments. Such amounts are classified as restricted cash and investments held by fiscal agents. Each fund type's portion of this pool is displayed on the combined balance sheet as "pooled cash and investments" and "restricted pooled cash and investments" held by the City.

(f) *Fixed Assets*

General fixed assets have been acquired for general governmental purposes and for long-term, future redevelopment. Assets purchased are recorded as expenditures in the governmental funds and are capitalized in the General Fixed Assets Account Group. Purchased fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed fixed assets are recorded at estimated fair market value at the time received. Assets in the general fixed assets accounting group are not depreciated.

Public domain general fixed assets, consisting of certain improvements other than buildings, and including assets such as roads, bridges, curbs and gutters, streets and sidewalks, and lighting systems, are not capitalized and are not included in the General Fixed Assets Account Group. Such assets are normally immovable and of value only to the City; therefore, the purpose of stewardship for capital expenditures is satisfied without recording such assets.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Fixed assets associated with the activities of the proprietary funds are recorded as assets of those funds. If purchased, the assets are stated at cost or estimated historical cost if actual historical cost is not available; if donated, they are stated at estimated fair market value at the date of the gift. The City's policy is to capitalize net interest incurred in relation to construction-in-progress on projects accounted for in the proprietary funds.

Depreciation is provided over the estimated useful lives of the respective assets using the straight-line method. Depreciation recognized on assets acquired through intergovernmental grants, entitlements, or shared revenues externally restricted to capital acquisitions is included as an operating expense. The portion of the expense related to the contributed portion of the asset cost is transferred as a charge to the contributed capital account. The estimated useful lives used for computing depreciation on fixed assets in the City's proprietary funds are as follows:

Land improvements	30-50 years
Buildings	30 years
Machinery, equipment and vehicles	5-20 years

(g) *Sewer Capacity Rights*

Capacity rights are capitalized in the Sewer Enterprise Fund. Such rights are being amortized over 30 years, the estimated life of the sewer treatment facility. Sewer capacity rights will be fully amortized in 2023.

(h) *Special Assessment Districts for which the City is Obligated in Some Manner*

Recognition of revenue related to noncurrent receivables of the special assessment districts is deferred until such receivables become current. There is no reserve for delinquent receivables since liens exist against the related properties and hence the City's management believes full value will ultimately be received by the City. Surplus fund balances remaining at the completion of a special assessment district project are disposed of in accordance with City Council resolutions and with the applicable assessment bond laws of the State of California.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

(i) *Accrual for Vacation, Sick Leave, Compensatory Time, and Post-Employment Benefits*

Vested vacation, sick leave, and compensatory time are accrued, as appropriate, for all fund types. For Governmental Fund Types, this liability is recorded in the General Long-Term Debt Account Group.

The City's employees may accrue vacation and compensatory time for which they will be compensated upon termination at current hourly rates. The accrual rates vary depending on employee classification and years of service. Sick leave is accrued at a rate of one day a month.

Sick leave accruals are carried forward to the next year; however, at the end of the calendar year, unless otherwise requested, 25% of each employee's sick leave accrual for that year which has not been used is paid to the employee.

Upon retirement or leave from the City, any unused sick leave may be used in the determination of length of service in relation to pension benefits received from the California Public Employees' Retirement System (CalPERS) (see Note 10).

The City participates in the CalPERS Health Program. This program provides medical insurance coverage for both current employees and retirees. Participating employers must contribute toward the cost of the health premiums for both employee groups. The City has chosen to contribute under the unequal contribution option. The unequal contribution option requires an initial City contribution for each retiree of \$1 per month, with annual increases of at least 5 percent of the City's monthly contribution of \$16 toward the premium for each active employee, until such time as the contribution for employees and retirees are equal.

(j) *Restricted Assets*

Assets which are restricted for specified uses by bond debt requirements, grant provisions, or other requirements are classified as restricted assets held by the City as fiscal agent.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

(k) *Interfund Transactions*

Nonrecurring transfers of equity between funds are approved by the City Council and reported as residual equity transfers. Other interfund transfers are treated as operating transfers.

(l) *Property Tax and Special Assessment Levy, Collection, and Maximum Rates*

The State of California's (the State) Constitution Article XIII A (commonly referred to as Proposition 13) provides that the combined maximum property tax rate on any given property may not exceed 1% of its assessed value unless an additional amount for general obligation debt has been approved by the voters. Assessed value is calculated at 100% of market value as defined by Article XIII A and may be increased by no more than 2% per year unless the property is further improved, sold or transferred. The State legislature has determined the method of distribution of receipts from the 1% tax levy among the counties, cities, school districts, and other districts.

Santa Clara County assesses properties and bills, collects, and distributes property taxes and special assessments as follows:

Date Category	Secured	Unsecured
Valuation Dates	January 1	January 1
Lien/Levy Dates	July 1	March 1
Due Dates	50% on November 1 50% on February 1	Upon receipt of billing
Delinquent as of	December 10 (For November) April 10 (For February)	August 31

The term "unsecured" refers to taxes on personal property other than real estate, land, and buildings. Taxes on real estate, land, and buildings are secured by liens on the property being taxed.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

(m) *Unbilled Service Receivables*

The city bills for water and sewer services on a monthly basis. All amounts not billed at year end are accrued and reflected as accounts receivable in the appropriate funds.

(n) *Income Taxes*

The City and its related entities fall under the purview of Internal Revenue Code, Section 115 and corresponding California Revenue and Taxation Code provisions. As such, they are not subject to federal or state income taxes.

(o) *Investment in Properties Held for Resale*

The Agency purchases housing units and other properties for redevelopment within the Agency's project area. The costs of agency properties held for resale are capitalized in the Redevelopment Agency Capital Project Fund as "investment in properties held for resale," at the lower of acquisition cost or net realizable value.

(p) *Estimates*

The preparation of general-purpose financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(q) *New/Closed Funds*

Closed funds. During fiscal year 2001/02, the City closed three internal service funds, Human Resources, Finance and City Attorney, and one special revenue fund, Cable TV. The activities of these three functions previously reported as internal service funds are now accounted for as part of general city services in the general fund. Transfers of assets and retained earnings were recorded as residual equity transfers. A portion of the transfers represented fixed assets of the internal service funds. The net fixed assets were recorded in the general fixed asset account group as a current year addition. As a result, the residual equity transfers out reported on the closed internal service funds were more than the residual equity transfer in reported in the general fund. The difference is the recording of fixed assets in the general fixed assets account group.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Cable TV activities were previously reported as a special revenue fund. These activities are also currently accounted and reported as functions of the general fund. A residual equity transfer was recorded to close fund balance to the general fund.

Residual Equity Transfers In/Out Relating to Closure of Funds

Fund	Transfers In/(Out)
General Fund	218,972
Gen Fixed Assets	130,620
Human Resources	(57,514)
City Attorney	(44,179)
Finance	(208,318)
Cable TV	(39,581)
Total	0

New Fund. One fund was created during the fiscal year ending June 30, 2002. The Capital Project fund for Parks was split into two funds, one for Parks and the new fund for Open Space. 'Open Space' was created to more directly manage and control revenues and expenditures related to acquisition of open space.

(r) *Total Columns*

The total columns in the accompanying general purpose financial statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate additional analysis. The data in these columns is not comparable to a consolidation and does not present financial position or results of operations in conformity with generally accepted accounting principles. Eliminations of interfund activity have been made within fund types but not between fund types.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

3. BUDGETARY INFORMATION

Budgetary Results Reconciled to Generally Accepted Accounting Principles

The budgetary process is based upon accounting for certain transactions on a basis other than generally accepted accounting principles (GAAP basis). The results of operations are presented in the accompanying budget and actual comparison statement in accordance with the budgetary process (budgetary basis) to provide a meaningful comparison with the budget.

The major difference between the budgetary basis actual and GAAP basis is that year-end encumbrances are recognized as the equivalent of expenditures on the budgetary basis, while encumbered amounts are not recognized as expenditures on the GAAP basis until recorded as actual expenditures.

A summary of the adjustments necessary to reconcile the results of operations on a budgetary basis to the results of operations on a GAAP basis are listed below for each governmental fund type:

	General	Special Revenue	Debt Service	Capital Projects
Expenditures, GAAP basis	\$ 14,327,429	\$ 7,072,166	\$ 997,667	\$ 18,211,609
Encumbrances	128,479	1,284,366		9,693,575
Expenditures, budgetary basis	<u>\$ 14,455,908</u>	<u>\$ 8,356,532</u>	<u>\$ 997,667</u>	<u>\$ 27,905,184</u>

4. CASH AND INVESTMENTS

Description of amounts reported on City's Financial Statements

The City maintains a cash and investment pool in which all funds and component units participate. Certain bonds require that certain amounts be held by a fiscal agent and/or the City to secure principal and interest payments. Such amounts are classified as restricted cash and investments or as cash with fiscal agent. Each fund type's portion of this pool is displayed on the combined balance sheet as follows:

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

4. CASH AND INVESTMENTS, Continued

Cash and investments	\$ 78,675,314
Restricted cash and investments	25,583,828
Cash with fiscal agents	<u>5,003,474</u>
Total cash and investments	<u>\$109,262,616</u>

The Corporation Yard Commission has cash and investments totaling \$87,985. There is no restricted cash or cash with fiscal agents.

A summary of cash and investments as described below follows:

Cash deposits	\$ 1,973,695
Pooled investments	102,285,447
Cash with fiscal agents	<u>5,003,474</u>
Total cash and investments	<u>\$ 109,262,616</u>

The Corporation Yard Commission has \$37,696 in cash deposits and \$50,289 invested in the Local Agency Investment Fund (LAIF).

The investments made by the City Treasurer are limited to those allowable under State statutes and the City's Investment Policy, approved on September 15, 1999, and re-approved on June 19, 2002, which is more conservative than that allowed by State statute. Under provisions of this policy, the City is authorized to invest in the following types of investments:

Certificates of Deposits	Government Agency Securities
Treasury Bills and Notes	Passbook Savings Accounts
Dreyfuss Treasury Cash Mgmt	State of California Local Agency Investment Fund (LAIF)

A small portion of the City's funds held by LAIF are invested in structured notes and asset-backed securities. A description of these types of investments are:

- Structured Notes - debt securities (other than asset-backed securities) whose cash-flow characteristics (coupon rate, redemption amount, or state maturity) depend upon one or more indices and/or have embedded forwards or options.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

4. CASH AND INVESTMENTS, Continued

- Asset-backed Securities - generally mortgage-backed securities which entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from a pool of mortgages (such as CMO's) or credit card receivables.

Cash Deposits

All pooled certificates of deposit and bank balances are entirely insured or collateralized. The California Government Code requires California banks and savings and loan associations to secure an agency's deposits by pledging government securities as collateral. The market value of the pledged securities must equal at least 110% of an agency's deposits. California law also allows financial institutions to secure local agency deposits by pledging first trust deed mortgage notes having a value of 150% of a local agency's deposits. The City may waive collateral requirements for deposits which are fully insured up to \$100,000 by the Federal Deposit Insurance Corporation (FDIC).

At June 30, 2002, the carrying amount of the City's deposits was \$1,977,338 and the bank balances were \$2,072,433. The difference between the carrying amount and the bank balances is due to deposits in transit and outstanding checks in the general operating account.

The City's bank balances at year-end are categorized below to give an indication of the level of credit risk assumed by the City.

Category 1 - Insured or collateralized with securities held by the entity or by its agent in the City's name

Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the City's name.

Category 3 - Uncollateralized, including any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City's name.

As of June 30, 2002, the City's and Commission's bank balances are categorized as follows:

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

4. CASH AND INVESTMENTS, Continued

Category 1	\$ 100,000
Category 2	<u>1,972,433</u>
Total cash deposits	<u>\$ 2,072,433</u>

Investments

The City's investments at year-end are categorized below, according to the guidelines of GASB Statement No. 3 to give an indication of the level of custodial credit risk assumed by the City as of June 30, 2002.

Category 1 - Insured or registered, or securities held by the entity or its agent in the entity's name.

Category 2 - Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the entity's name

Category 3 - Uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the entity's name.

Uncategorized - Certain investments are not subject to categorization under GASB Statement No. 3 and are identified as "Not Required to be Categorized."

Investments in LAIF and money market funds are not categorized as they are invested in investment pools and are thus exempt from categorization requirements. Investments in LAIF are highly liquid, and deposits may usually be converted to cash within twenty-four hours without loss of interest.

The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State Statute. The value of the City's pool share in LAIF which may be withdrawn is determined on an amortized cost basis, which is different than the fair value of the City's position in the pool. The total amount invested by all public agencies in LAIF at June 30, 2002 was \$47,719,552,000.

At June 30, 2002, the City's pooled investments, including both restricted and unrestricted balances, classified by risk category consisted of the following:

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

4. CASH AND INVESTMENTS, Continued

	Category 3	Not Required to be Categorized	Fair Value
Money Market		\$ 32,236	\$ 32,236
Federal Securities	\$ 39,200,000		39,573,081
Local Agency Investment Fund		62,506,353	62,680,130
Total pooled investments	\$ 39,200,000	\$ 62,538,589	\$ 102,285,447

The Corporation Yard Commission only had investments in the Local Agency Investment Fund and is therefore not required to be categorized. The balance of \$50,150 had a fair market of \$50,289 at June 30, 2002.

The maturities of investments at June 30, 2002, are as follows:

Maturity	Fair Value
Current to one year	\$ 62,712,366
One to two years	10,070,860
Two to three years	9,323,721
Three to five years	20,178,500
Total Investments	\$ 102,285,447

The Corporation Yard Commission's balance in LAIF has a fair market value of \$50,289 and a current maturity classification.

At June 30, 2002, the City's cash with fiscal agents classified by risk category consisted of the following:

	Category 3	Not Required to be categorized	Fair Value
Cash with fiscal agents:			
Bank of New York:			
Cash management acct		\$ 73,985	\$ 73,985
U.S. Treasury Bonds	\$ 2,006,565		2,402,875
U.S. Bank:			
First American Treasury Obligation	2,526,514		2,526,514
Total Cash with Fiscal Agents	\$ 4,533,079	\$ 73,985	\$ 5,003,374

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

4. CASH AND INVESTMENTS, Continued

Fair Value of Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Pools, investments were stated at fair value using the aggregate method as follows:

Fair Value of investments at June 30, 2002	\$102,210,858
Less: Net cost of investments purchased/sold	(1,404,275)
Less: Fair Value of investments at July 1, 2001	<u>(100,379,087)</u>
Change in Fair Value of investments	<u>\$ 427,496</u>

Investment income is comprised of the following:

Interest including realized gains on sale of investments	\$ 4,339,083
Net change in fair value of investments	<u>427,496</u>
Total investment income	<u>\$ 4,766,579</u>

External Investment Pool

The City invests in LAIF a State of California external investment pool. LAIF determines fair value on its investment portfolio based on market quotations for those securities where market quotations are readily available and based on amortized cost or best estimate for those securities where market value is not readily available.

The City valued its investments in LAIF as of June 30, 2002, by multiplying its account balance with LAIF times a fair value factor determined by LAIF. This fair value factor was determined by dividing all LAIF participants total aggregate amortized cost by total aggregate fair value.

Accordingly, as of June 30, 2002, the City's investments in LAIF at fair value amounted to \$62,680,130 using a LAIF fair value factor of 01.002780144.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

4. CASH AND INVESTMENTS, Continued

The Corporation Yard Commission's investment in LAIF, as of June 30, 2002, had a fair market value of \$50,289 using the same fair value factor.

5. FIXED ASSETS AND CONTRIBUTED CAPITAL

The following is a summary of the City's general fixed assets as of June 30, 2002:

Fixed Asset Category	Carrying Value
Land	\$ 22,697,581
Buildings and improvements	10,460,114
Machinery, equipment and vehicles	2,223,308
Construction in progress	9,465,087
Total General Fixed Assets	<u>\$ 44,846,090</u>

Changes in the General Fixed Asset Account Group were as follows:

Fixed Asset Category	Beginning Balance July 1, 2001	Additions	Retirements & transfers	Ending Balance June 30, 2002
Land	\$ 15,332,103	\$ 7,365,478		\$ 22,697,581

5. FIXED ASSETS AND CONTRIBUTED CAPITAL, Continued

As of June 30, 2002, fixed assets of the Proprietary Fund Types consisted of:

Fixed Asset Category	Primary Government		Component Unit
	Enterprise Funds	Internal Service Funds	MH Corporation Yard Commission
Land, buildings and improvements	\$114,088,986		\$ 480,348
Machinery, equipment and vehicles	19,210,425	\$ 2,538,797	40,581
Construction in Progress	1,124,717		
Total	\$134,424,128	\$ 2,538,797	\$ 520,929
Less accumulated depreciation	(64,010,516)	(1,588,151)	(289,451)
Fixed assets, net	\$ 70,413,612	\$ 950,646	\$ 231,478

A reconciliation of fixed assets for the Enterprise Fund type is listed below:

	<u>Enterprise Funds</u>
Fixed Assets, Net	\$ 49,067,753
Sewer Capacity Rights	21,345,859
Totals	<u>\$ 70,413,612</u>

A reconciliation of contributed capital for the year is listed below:

	<u>Enterprise Funds</u>
Contributed capital, July 1, 2001	\$ 22,062,679
Less depreciation charged against contributed capital	(1,164,523)
Contributed capital, June 30, 2002	<u>\$ 20,898,156</u>

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

6. LOANS RECEIVABLE

The City's and Agency's loans receivable as of June 30, 2002 total \$27,203,394, consisting of the following types:

Description	Amount
CDBG Loans	\$ 555,417
Housing Rehabilitation Loans	1,479,819
Jasmine Way	648,477
Sunrise Meadows	2,918,210
San Pedro Gardens	1,242,580
Abbott Critical Care Systems	813,132
Morgan Hill Ranch Family Housing	3,289,625
Village Avante Apartments	1,665,437
Village Avante Apartments 2	672,173
Villa Ciolino	2,596,727
Church Street	3,163,259
Murphy Ranch	4,634,415
Other Loans	3,524,123
Total	<u>\$ 27,203,394</u>

(a) CDBG Loans/Housing Rehabilitation Loans

The City administers two home improvement revolving loan funds using Federal Community Development Block Grant funds (CDBG) and Redevelopment Agency Housing monies. The program provides below market rate loans, secured by deeds of trust, to eligible participants for housing rehabilitation. Although payments for most loans are amortized over an established payment schedule, some loans allow for deferred payment of accrued interest and principal until the homeowner's property is sold or transferred, primarily for seniors and very low income families. Repayments received from the outstanding loans are used to make additional housing rehabilitation loans. As of June 30, 2002, the City had \$555,417 of outstanding CDBG loans and the Agency had \$1,479,819 in outstanding home improvement loans.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

6. LOANS RECEIVABLE, Continued

(b) *Jasmine Way*

The Agency also issued "sweat equity" loans in 1989, secured by deeds of trust, to 15 low and moderate income families to purchase homes. Interest accrues at the rate of 7% annually for 10 years after the execution of the loan. The notes with accrued interest are due and payable upon the sale or transfer of the homeowner's property, unless the new purchaser or occupant agrees to a new note equal to the amount of principal and accrued interest due at the time of sale. After the borrower has occupied the residence for 10 years, an amount equal to 10% of the principal and interest due shall be forgiven each year until no amount remains due and the loan is forgiven.

As of June 30, 2002, the City had \$648,477 of these loans outstanding in its Redevelopment Agency Capital Project Fund.

(c) *Sunrise Meadows*

The Sunrise Meadows project consisted of 24 self-help homes reserved for low income households, and 36 contractor-built units reserved for those at median income. The Agency purchased the project (including land and all entitlements) for \$1,670,000. The entire project was then sold to South County Housing for this same amount. The Agency attached a third trust deed on each of the 24 self-help units for loan amounts varying from \$50,000 to \$100,000 each. The notes with accrued interest are due and payable upon the sale or transfer of the homeowner's property, unless the new purchaser or occupant agrees to a new note equal to the amount of principal and accrued interest due at the time of sale. After the borrower has occupied the residence for 20 years, an amount equal to 10% of the principal and interest due shall be forgiven each year until no amount remains due and the loan is forgiven. As of June 30, 2002, the Agency had \$2,918,210 of loans outstanding in its Capital Project Fund.

(d) *San Pedro Gardens*

The San Pedro Gardens project consisted of 20 rental apartments and 16 self-help owner built units. The Agency issued a loan for \$825,000 in June 1991, secured by a third trust deed, with the following repayment terms:

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

6. LOANS RECEIVABLE, Continued

- Of the total loan, \$400,000 has been split into 16 individual loans, secured by deeds of trust on the individual properties. The loan agreements allow the Agency to repurchase units during the first 4 years of ownership at a restricted sales price, and at market rates thereafter. If the borrower has occupied the unit for 20 years, 10% of the principal and interest will be forgiven each year and the loan will be totally canceled at year 30. These loans accrue interest at 10% compounded annually. As of June 30, 2002, the balance for these loans, including interest, was \$805,804.
- The remaining \$425,000 of the loan accrues simple interest at 1% per year. Interest payments only are due on May 1st of each year payable solely from the surplus funds in the borrower's ground lease rent fund. Portions not paid due to insufficient funds shall accrue interest and be due on May 1st of the following year until paid. All principal and interest remaining unpaid shall be due and payable on June 15, 2021. As of June 30, 2001, the Agency had \$425,000 of these loans outstanding in its Capital Project Funds. At June 30, 2002, the loan has accrued interest of \$11,776 bringing the loan balance to \$436,776.

(e) *Abbott Critical Care Systems*

On September 20, 1995, the Agency approved an agreement with Abbott Critical Care Systems (Abbott), which offered Abbott \$2.275 million in financial incentives, which included right-of-way purchase and traffic fee credits, to move their laboratories to the Morgan Hill Business Ranch within the City limits. In addition, the agency approved a loan, secured by a deed of trust, in the amount of \$610,000 to Abbott with a 5% interest rate. If certain conditions are met, according to the loan agreement, up to 80% of the accrued interest will be forgiven. At June 30, 2002, the loan has accrued interest of \$203,132 bringing the loan balance to \$813,132.

(f) *Morgan Hill Ranch Family Housing*

The Morgan Hill Ranch Family Housing Project (Project) consists of residential rental units and a day care center in the Project area. The Agency made a principal predevelopment loan of \$10,000 in fiscal year 1995/1996 and principal development loan of \$610,579 in fiscal year 1996/1997. The Agency provided an additional loan for land acquisition and construction costs in the amount of \$2,524,585 in fiscal year 1997/1998. Commencing on the date of the first disbursement of the loans, the loans accrue simple interest at 3% per annum. At June 30, 2002, the loans have accrued interest of \$169,461, bringing the loan balance to \$3,289,625. The Association began

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

6. LOANS RECEIVABLE, Continued

making payments on its loans on the first May 1 following the calendar year in which the Morgan Hill Ranch Family Housing units became occupied. All loans are secured by deeds of trust.

(g) *Village Avante Apartments*

On June 1, 1999, the Agency entered into an agreement with Don Avante Family Homes, Inc. to lend the lesser of \$1,540,000 or so much as shall be disbursed under the loan agreement for the acquisition and rehabilitation of the existing Village Avante 112-unit housing project located in the identified Agency Project Area. The loan accrues simple interest at a rate of 4% per annum on the unpaid balance with annual payments until April 1, 2039 and is secured by a deed of trust. The current unpaid balance at June 30, 2002 was \$1,665,437.

(h) *Village Avante Apartments 2*

On March 22, 2000, the Agency Board authorized a loan to Don Avante Associates II in the amount of \$640,000. This loan is to provide more attractive and durable landscaping, new steel-post privacy fencing at each patio and new black vinyl-coated chain link fencing along the west property line. The loan also included provisions for site and street lighting to create a safer environment at night. The note is a residual receipts note with a 40-year term. It accrues simple interest at a rate of 4% per annum and is secured by deed of trust. The balance at June 30, 2002 was \$672,173.

(i) *Villa Ciolino*

On November 23, 1999, the Morgan Hill Redevelopment Agency Board approved a loan of \$1.9 million to South County Housing Corporation to acquire a blighted trailer park and housing project. Under the terms of the loan, South County Housing will remove and replace 21 occupied but dilapidated housing units, rehabilitate 8 more, and add 13 additional apartments to create a new 42-unit rental housing complex. The loan is a residual receipt note in second position, at 4% compounded annually, with a term of 55-years, and is secured by a deed of trust.

On December 15, 1999, the Redevelopment Agency Board modified the interest rate from compound to simple at the request of the Low Income Housing Tax Credit Limited Partner tax counsel

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

6. LOANS RECEIVABLE, Continued

On June 28, 2000, the loan was further modified by approving an increase of \$475,000 to cover increased costs of material and labor incurred because of an increased scope of off-site work and the pressures of a very busy construction market place. The balance at June 30, 2002 was \$2,596,727.

(j) *Church Street Apartments*

On August 31, 2000, the Redevelopment Agency Board entered into an agreement to loan \$1.35 million to South County Housing to purchase two parcels and develop an affordable housing project. On December 6, 2000, the Agency Board approved additional funding to the Church Street Apartments housing project in the amount of \$1.9 million for the acquisition of four vacant parcels. This housing project will combine up to 72 residential family apartments to lower income families including a minimum of 23 replacements units and approximately 10,000 square feet of commercial space. The apartment units will be located in 2 and 3 story buildings with up to 12 units located on the second floor of the commercial building. The loan is secured by a deed of trust. The balance of the Church loan at June 30, 2002 was \$3,163,259.

The California Housing Finance Agency (CHFA) will be reimbursing the Agency for part of this disbursement through its HELP loan program. The Agency Board approved the CHFA loan in the amount of up to \$1 million. This is an unsecured loan to the Agency for use as "holding" funds for housing projects in development.

(k) *Murphy Ranch*

On August 8, 2001 the Redevelopment Agency of the City entered into a loan agreement in the amount of \$3,300,000 with Murphy Ranch, L.P. The purpose was to fund the acquisition of property and the pre-development, infrastructure and related costs of the development of the first 62 units of a 100 unit affordable residential complex. The term of the loan is 55 years and bears simple interest at 4%. Payments are received annually. On May 7, 2002 the agreement was amended to increase the principal amount of the promissary note by \$1,990,000, increasing the total commitment to \$5,290,000. At June 30, 2002 there was a balance due to the Agency in the amount of \$4,634,415.

Total	<u>\$ 3,524,123</u>			

Recognition of Valuation Allowance by Recording Deferred Revenue for Notes and Loans Receivable

A valuation allowance of these loans receivable has been recognized by recording deferred revenue for the portion of loans and notes where there is a significant possibility that they will become uncollectible or be forgiven by the City or agency at a future date if all of the terms of the loans have been met (see Note 7b).

City of Morgan Hill

Notes to the General Purpose Financial Statements For the year ended June 30, 2002

7. NOTES RECEIVABLE

(a) *Public Works Fee Financing Agreements*

The City has established a public works fee financing program (Program) to assist businesses in specified industrial and commercial use categories in paying various public works and utility connection fees over a period of time rather than in a lump sum at the time otherwise specified in applicable City ordinances and regulations. The notes are secured by deeds of trust and include interest at prime rate in January of each year. The amount of these notes outstanding as of June 30, 2002 was \$108,942.

(b) *Recognition of Deferred Revenue for Notes and Loans Receivable*

The City has recognized a valuation allowance by recording deferred revenue for the portion of loans and notes where there is a significant possibility that they will become uncollectible or forgiven by the City or Agency at a future date if all of the terms of the loans have been met. The remaining noncurrent balance is reflected as a reserve of fund balance.

	General Fund	Special Revenue Funds	Capital Project Funds	Enterprise Funds	Total
Loans Receivable	\$ 523,911	\$ 655,417	\$ 26,024,066		\$ 27,203,394
Notes Receivable			988	\$ 107,954	108,942
June 30, 2002 Balance	\$ 523,911	\$ 655,417	\$ 26,025,054	\$ 107,954	\$ 27,312,336
Less:					
Deferred Revenue for Loans	(523,911)	(197,414)	(6,577,809)		(7,299,134)
Enterprise Notes Receivable				(107,954)	(107,954)
Reserved Fund Balance	\$ -	\$ 458,003	\$ 19,447,245	\$ -	\$ 19,905,248

Total deferred revenue for the General Fund is \$633,262. This consists of \$523,911 in deferred revenue for loans, \$89,201 in deferred revenue for business licenses and \$20,150 in deferred revenue for rent.

(a) *Special Assessment District Debt for which the City is Obligated in Some Manner*

Certain special assessment districts within the City have issued debt repayable out of special assessments levied on property in each respective district. The City is under no legal obligation to repay the special assessment debt. However, the City is required to make advances or to be the purchaser of last resort for property on which delinquent assessments are unpaid and it has therefore included this debt in its general purpose financial statements. During fiscal year 2001/02, the final debt payments were made on Encino Hills, Morgan Hill Business Park and Sutter Business park assessment districts. The following is a schedule of debt outstanding for these districts as of June 30, 2002:

District/Debt Issue	Year Issued	Interest Rate	Principal Matures		Outstanding June 30, 2002
			Annual Amount	Period	
Encino Hills	1986	9.00%	\$75,000	2001-2002	
Morgan Hill Business Pk	1986	7.87-7.88%	355,000	2001-2002	
Sutter Business Park	1986	8.00%	255,000	2001-2002	
Cochrane Business Pk	1986	8.00-8.25%	95,000-210,000	2003-2012	\$ 1,520,000
Joleen Way	1992	10.00%	20,000-30,000	2003-2009	160,000
Total Special Assessment Bonds Outstanding					\$ 1,680,000

As of June 30, 2002, there were no delinquent assessments receivable for the above districts. Revenues collected were sufficient to make the required debt service payments, which amounted to \$993,167 for fiscal year 2001-02.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

8. LONG-TERM DEBT, Continued

(b) *Redevelopment Agency Long-Term Debt*

The Redevelopment Agency had \$9,291,671 in long-term debt as of June 30, 2002, comprised of \$941,671 for the California Housing Finance Agency (CHFA) loan, \$3,250,000 for the Gunderson property and \$5,100,000 for the Sports complex property as described below.

On October 5, 2000, the Agency entered into a loan agreement with CHFA. This HELP loan is to be used as a revolving source of funds for the purpose of making loans to property owners or operators for acquisition and predevelopment expenses associated with the aggregation of parcels for multifamily rehabilitation and/or new construction developments. This loan is for the South County Housing Church Street project. The loan payment has been deferred for 10 years. At June 30, 2002 the loan had a principal balance of \$909,815 and deferred interest of \$31,856 for a total outstanding balance of \$941,671.

On April 26, 2001, the Agency entered into a loan agreement for property acquisition of the Gunderson property in the amount of \$5,500,000. The Gunderson property is intended to be used for the future sight of the indoor recreation center. The balance due of \$3,250,000 will be paid in April 2004.

On July 25, 2001 the Redevelopment Agency entered into a property purchase agreement for the proposed site of the future sports complex. The purchase price was \$7,650,000. Installment payments of \$2,550,000 are due annually. At June 30, 2002 the remaining balance due was \$5,100,000.

(c) *Compensated Absences*

The timing of payments for accrued vested vacation, sick leave, and compensatory time benefits (compensated absences) is not certain and thus not included in the above schedule. This \$442,834 obligation will be payable by governmental funds from resources to be received in future periods.

(d) *Other Long-Term Debt (Enterprise Funds)*

The following is a schedule of bonds payable and certificates of participation, net of unamortized discount, as of June 30, 2002 by individual issue.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

8. LONG-TERM DEBT, Continued

Bond	Due Serially to	Interest Rates	Outstanding at June 30, 2002
Enterprise Funds:			
1993 Water Facilities Loan	2017	7.125%	1,152,206
1999 Certificates of Participation	2021	6.500%	4,036,396
Total Long-Term Debt			\$ 5,188,602

1993 Water Facilities Loan

On July 1, 1993, the California Statewide Communities Development Authority (Development Authority) issued \$14,195,000 Senior Series 1993A Bonds and \$8,000,000 Subordinate Series 1993B Bonds. Proceeds from the bonds enabled the Development Authority to make loans to numerous California public entities (borrowers). The bonds are limited obligations of the Development Authority and are secured by a pledge of water revenues from the borrowers. The City borrowed \$1,902,645 from the Development Authority. The City's outstanding balance at June 30, 2002 was \$1,152,206. The 1993 Water Facilities Loan is due by July 2017 and bears interest at 7.125%. Proceeds from the loan were used to retire a \$1,313,863 water facilities loan and pay costs of issuance.

In accordance with GASB Statement No. 23, the difference between the reacquisition price and the net carrying amount of the old debt, \$515,183, was deferred and is being amortized as a component of interest expense over the life of the new loan, which is equal to the remaining life of the refunded debt. In addition, the debt is shown net of this deferred amount.

1999 Certificates of Participation

On May 1, 1999, the City issued \$5,090,000 Refunding Certificates of Participation to provide funds to advance refund the outstanding \$4,550,000 principal amount of the 1991 Certificates. The balance outstanding for the 1999 issue at June 30, 2002 was \$4,036,396. A portion of the proceeds of the Certificates has been deposited in an escrow fund (the "1991 Certificates Escrow Fund") pursuant to an escrow agreement dated as of May 1, 1999, between the City and U. S. Bank Trust National Association,

City of Morgan Hill

8. LONG-TERM DEBT, Continued

as escrow bank. Such amounts, together with monies transferred to the 1991 Certificates Escrow Fund from certain funds held by the trustee for the 1991 Certificates, have been invested in direct obligations of the United States of America which will mature in such amounts and at such times and bear interest at such rates as to provide amounts sufficient to pay each installment of interest and principal with respect to the 1991 Certificates through June 1, 2002 and to provide for the redemption on June 1, 2002 of the 1991 Certificates maturing on or after June 1, 2003 at the redemption of 102% of the principal of the 1991 Certificates maturing on or after June 1, 2003.

Complete financial information for the Development Authority may be obtained from American Government Financial Services, the company handling the bond issuance, at the following address:

8. LONG-TERM DEBT, Continued

Debt service payments for the above obligations are made from the following sources:

- (A) Special tax assessments secured by the related real properties.
- (B) Incremental property taxes authorized for the Agency and loan repayments.
- (C) Operating revenues recorded in the Water and Sewer Enterprise Funds.

(f) *Bonds for which the Agency has No Obligation - La Crosse Village Project*

The Agency has outstanding as of June 30, 2002 approximately \$4,600,075 of tax exempt multifamily mortgage revenue bonds due through December 1, 2027. These bonds were issued to provide funds for secured mortgage loans to builders of a multifamily housing project, the La Crosse Village Project. The purpose of the program is to provide needed rental housing for low to moderate income households. The Agency is required to set aside 20% of all units built in this project for low income households. The bonds are payable solely from payments made on the related secured mortgage loans. The unpaid balance is insured by mortgage guaranty insurance of the Federal Housing Authority (FHA).

In the opinion of the Agency officials, these bonds are not payable from any revenues or assets of the Agency or the City. Neither the faith and credit nor the taxing power of the Agency, the state, or any political subdivision thereof are pledged for the payment of the principal or interest on the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying general-purpose financial statements.

(g) *Special Assessment Debt for which the City is Not Obligated in Any Manner*

Certain special assessment districts are established in various parts of the City to provide improvements to properties located in those districts. Properties in the assessment districts listed below are assessed for the cost of improvements and these assessments are payable solely by property owners over the term of the debt issued to finance the improvements. The City is not legally obligated to pay these debts or to be the purchaser of last resort of foreclosed properties in these special assessment districts, nor is it obligated to advance City funds to repay this debt in the event of default. At June 30, 2002, the total balance of these districts' outstanding debt was \$28,880,000, comprised of \$5,745,000, \$595,000, \$10,985,000, \$740,000, and \$10,815,000 for the Morgan Hill Business Ranch I, Morgan Hill Business Ranch II, Morgan Hill Ranch 98, Tennant Avenue Business Park, and Madrone Business Park Series A and B assessment districts, respectively.

City of Morgan Hill

Notes to the General Purpose Financial Statements

8. LONG-TERM DEBT, Continued

(h) *Legal Debt Limit and Debt Margin*

The City's legal debt limit and debt margin was \$529,154,401 as of June 30, 2002.

9. SEWER CAPACITY RIGHTS

In May 1992, the City entered into a Joint Powers Agreement with the City of Gilroy to create the South County Regional Wastewater Authority (the Authority). The Authority was formed to purchase or acquire property and own and operate wastewater treatment facilities through cooperative action.

In September 1992, the Authority issued bonds totaling \$66,480,000 of which the City's portion (42%) was \$28,065,000. The bonds mature serially through August 2022 and bear interest at rates ranging from 4.5% to 5.75%. Under the Joint Powers Agreement, proceeds from the City's portion of the bonds were used to retire \$5,000,000 outstanding 1988 Sewer Certificate of Participation (COPS) and to finance the City's share of the capacity expansion costs for the sewage treatment facility.

The City's portion of the capacity rights, totaling \$21,345,859, is capitalized in the Enterprise Funds. However, the City is not considered to have an equity interest or rights to any of the assets of this joint venture other than possible residual claims upon dissolution. Thus, no provision for the City's share of the joint venture's net assets and income or loss has been made in the Enterprise Funds.

The bonds are limited obligations of the Authority and are secured by a pledge of net revenues of the City's sewer enterprise fund and those of the City of Gilroy. The City is obligated to make installment payments to the Authority in the amount of the debt service requirements applicable to its portion of the debt. The City maintained sufficient sewer rates to make the required payments. Complete financial statements for the Authority may be obtained from the City of Gilroy (which maintains the financial records for the Authority) at the following address:

City of Gilroy

10. EMPLOYEES' RETIREMENT PLAN

Plan Description

All permanent employees are eligible to participate in the Public Employees' Retirement Fund (the Fund) of the State of California's Public Employees Retirement System (CalPERS). The Fund is an agent multiple-employer defined benefit plan that acts as a common investment and administrative agent for various local and state governmental agencies within the State of California. The Fund provides retirement, disability, and death benefits based on the employee's years of service, age and final compensation. Employees vest after five years of service and may receive retirement benefits at age fifty. These benefit provisions and all other requirements are established by State statute and City ordinance. Copies of the Fund's annual financial report may be obtained from CalPERS Executive Office, 400 P Street, Sacramento, CA 95814.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

10. EMPLOYEES' RETIREMENT PLAN, Continued

Funding Policy

Public safety employees and all other employees have an obligation to contribute 9% and 7% of their salary to the Fund, respectively. The City makes the contributions required of City employees on their behalf and for their account, with the exception of safety and certain management personnel who are contributing the obligation through their earnings. The City is required to contribute at an actuarially determined rate. The required employer contribution rates for fiscal year 2001-02 were 0% for public safety personnel and 0% for miscellaneous employees of annual covered payroll. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by CalPERS. For fiscal year ending June 30, 2002, CalPERS covered payroll totaled \$9,630,837. Employee contributions to the fund were \$732,564 paid by a combination of management employees, safety employees, and the City.

Annual Pension Cost

The City's annual pension cost for the Fund was equal to the City's required and actual contributions which was determined as part of the 1999 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 8.25% investment rate of return (net of administrative expenses) and (b) projected salary increases that vary by duration of service. Both (a) and (b) include an inflation component of 3.5%. The actuarial value of assets was determined using a technique that smooths the effect of short-term volatility in the market value of investments over a three year period depending on the size of investment gains and/or losses. The unfunded actuarial accrued liability (or excess assets) is being amortized as a level percentage of projected payroll on a closed basis. The amortization period of any unfunded actuarial liabilities (or excess assets) of the City has an average remaining period of 9 years, determined by the plan's date of entry. Subsequent plan amendments are amortized as a level percent of pay over a closed 20-year period.

Three-Year Trend Information

The following table shows the City's required contributions and the percentage contributed, for the current year and each of the preceding two years.

Portions of unreserved fund balance may be designated to indicate tentative plans for financial resource utilization in a future period, such as for capital projects. Such plans or intentions are subject to change, have not been legally authorized, and may not result in expenditures. The Redevelopment Agency designated, under the Capital Projects Fund Type, \$12,062,454 in fund balance as of June 30, 2002 for future economic development. In addition, \$3,382,000 was designated in the General Fund for economic uncertainty, fire master plan implementation, and emergencies, as reflected above.

Fund reserves for the Primary Government Proprietary Fund Types as of June 30, 2002 were as follows:

Reserved for:

Capital improvements (Enterprise Funds)	<u>\$ 10,392,571</u>
---	----------------------

As of June 30, 2002, fund reserves for the Component Unit, Corporation Yard Commission, consisted of \$139 for restricted cash.

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

13. INTERFUND TRANSACTIONS

Current interfund balances arise in the normal course of business and are expected to be repaid shortly after the end of the fiscal year, if not during the fiscal year. At June 30, 2002, there were no interfund balances due.

14. COMMITMENTS/CONTINGENCIES

(a) *Grant Programs*

The City participates in a number of state and federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Audits of these programs for the year ended June 30, 2002, have not yet been conducted. Accordingly, the City's compliance with applicable program requirements will be determined at a future date. The amount of any expenditures which may be disallowed by the grantor agencies cannot be determined at this time. However, the City expects such amounts to be immaterial.

(b) *Low and Moderate Housing Requirements of the Agency*

The California Health and Safety Code, Section 33334.3 requires the Agency to set aside 20% of the proceeds from its incremental property tax revenues for expenditures for low and moderate income housing. Related interest earned on these funds must also be set aside for such purposes. The Agency established the Housing Capital Projects Fund to account for this commitment and has reserved \$3,640,281 for such expenditures. The Agency has expended approximately \$31,962,170 for low and moderate income housing since its inception.

(c) *Redevelopment Plan Requirements of the Agency*

Effective January 1, 1995, the State Legislature passed Assembly Bill 1290. This legislation imposes several new requirements on redevelopment agencies and permits the establishment of new time limits for the issuance of debt, plan termination, and the collection of tax increment. The Agency amended its redevelopment plan during the year ended June 30, 1995 to be in accordance with these requirements.

As part of AB 1290, the Agency is required to report any "excess surplus" to the Federal Department of Housing and Community Development. An excess surplus exists for a fiscal year if the unencumbered balance at year-end in the Agency's Low and Moderate Housing Capital Project Fund exceeds the greater of \$1 million or the aggregate amount of tax increments deposited into this fund during the preceding

City of Morgan Hill

Notes to the General Purpose Financial Statements For the year ended June 30, 2002

14. COMMITMENTS/CONTINGENCIES, Continued

four fiscal years. If any excess surplus is not spent or encumbered within three years it must be transferred to the County's housing authority. The Agency did not have any excess surplus housing funds for the fiscal year ended June 30, 2002, based on calculations by the Agency's management.

As detailed in the current redevelopment plan amended November 1999, the maximum amount of tax increment revenue that the Agency may collect over its lifetime is \$247 million. The Agency had collected approximately \$139 million of tax increment revenue from its inception through June 30, 2002, leaving approximately \$108 million remaining to be collected in the future through the year 2031.

(d) Risk Management

The City Attorney and the City's Risk Manager have determined that the City's probable loss contingencies, which are accrued for as the estimated liability for claims and judgements as of June 30, 2002, are approximately \$1,056,381. This amount is based on the requirements of GASB Statements No. 10 and 30, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the reported liability since June 30, 2000 resulted in the following:

	Unemployment and Workers' Compensation	General Liability	Total
Liability as of 6/30/00	\$ 361,222	\$ 211,939	\$ 573,161
Claims and changes in estimates during the year ended 6/30/01	452,984	172,095	625,079
Claims payments during the year ended 6/30/01	(142,865)	(62,946)	(205,811)
Liability as of 6/30/01	\$ 671,341	\$ 321,088	\$ 992,429
Claims and changes in estimates during the year ended 6/30/02	300,102	135,775	435,877
Claims payments during the year ended 6/30/02	(261,479)	(110,446)	(371,925)
Liability as of 6/30/02	\$ 709,964	\$ 346,417	\$ 1,056,381

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

14. COMMITMENTS/CONTINGENCIES, Continued

In addition, with respect to the general liability accrual, the City has several other unsettled lawsuits filed or claims asserted against it as of June 30, 2002.

The City has reviewed these claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the City. As a result of such review, the City has categorized such claims and lawsuits as "remote" loss contingencies, as defined in FASB Statement No. 5.

The final outcome of claims and lawsuits which have been categorized as remote loss contingencies is not presently determinable and any associated potential loss cannot be estimated. Accordingly, no provision has been made in the accompanying general purpose financial statements relative to the potential outcome of such claims and lawsuits. The ultimate resolution of such claims and lawsuits is not expected to have a material effect on the accompanying general-purpose financial statements. The retained earnings balances in the City's General Liability, Workers' Compensation and Unemployment Insurance Internal Service Funds include a reasonable reserve for anticipated future catastrophic losses.

(e) *Gann Spending Limitation Initiative*

Under Article XIII B of the California Constitution, the City is restricted as to the amount of annual appropriations from proceeds of taxes. If the proceeds of taxes exceed allowed appropriations, the excess must either be refunded to the State Controller or returned to the taxpayers through revised tax rates or revised fee schedules, or an excess in one year may be offset against a deficit in the following year. For the fiscal year ended June 30, 2002, based on calculations by the City's management, proceeds of taxes did not exceed appropriations.

(f) *Construction and Other Significant Commitments*

Listed below are the projects for uncompleted contracts over \$200,000 outstanding as of June 30, 2002 for all funds.

<u>Project name</u>	<u>Contract Outstanding</u>
San Pedro Well	216,760
Library	832,125

14. COMMITMENTS/CONTINGENCIES, Continued

(g) *Contracting out of Fire and Emergency Medical Services*

On September 6, 1996, the City approved a fire and emergency service agreement with the Santa Clara County Central Fire Protection District, (the District), with an effective start date of October 2, 1996. The agreement consisted of the following terms:

- The expiration date of the agreement is July 1, 2005, at which time it will automatically renew for ten years unless the City or District provides written notice of non-renewal to the other party at least 180 days prior to the expiration date of the agreement.
- The City paid \$3,559,610 in operating fees for services provided under this agreement for fiscal year 2002. Annual charges for services are adjusted each year for the change in the Consumer Price Index for the San Francisco Bay Area or the average annual cost of living increase in total compensation provided to all fire suppression non-management employees of the District, whichever is less.
- In the event an additional fire station is needed to provide adequate fire and emergency medical services to the City, an additional \$1.3 million (adjusted for inflation or wage increases, whichever is less) shall be charged to the City by the District for these services annually.
- The District shall submit to the City by January 1st of each year a proposal for capital needs for fire services for the City to consider in its budget process for the following fiscal year. Fire impact fees will not be used to offset contract costs unless mutually agreed. All capital expenditures contemplated must meet the legal requirements for using impact fees.

15. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, errors and omissions, general liability, injuries to employees and unemployment claims. The City currently reports all of its risk management activities in Internal Service Funds which were established during fiscal 1992. Claims expenses and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated using actuarial methods or other estimating techniques. These losses include an estimate of claims that have been incurred but not reported. The City's

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

15. RISK MANAGEMENT, Continued

general purpose financial statements also reflect as expenses the premiums assessed for insurance coverage, which are based on periodic actuarial studies by the firms providing coverage to the City.

The City is self-insured for workers' compensation up to a maximum of \$250,000 per occurrence; purchased insurance covers the excess up to \$5,000,000 per year. The City is also fully self-insured for unemployment insurance. In addition, The City participates in the Association of Bay Area Governments Pooled Liability Insurance Network (ABAG-PLAN), a self-funded pooled insurance corporation established by a joint powers authority in which the City is one of 30 members. ABAG-PLAN provides general liability insurance up to \$10,000,000 per occurrence through a combination of \$5,000,000 pool coverage and \$5,000,000 of excess insurance, subject to a \$50,000 deductible (increasing to \$100,000 on July 1, 2002). The rights and responsibilities of the member agencies are governed by the bylaws of the ABAG-PLAN, the risk coverage agreement, and a related memorandum of coverage. Each member chooses its self-insured liability retention at a level between \$25,000 and \$250,000. Each member has a vote in approving the pool's self-insured retention level, in setting the coverage limit, in establishing the level of pool reserves, approving the premium allocation methodology for setting premiums for each member, and in approving the methodology for returning disburseable equity to members. ABAG-PLAN is responsible for administering the insurance program. ABAG-PLAN provides claims administration and risk management services to the members.

ABAG-PLAN also provides property insurance for the City, including a \$5,000 deductible per occurrence, except for vehicles where there is a \$10,000 deductible per occurrence. Settled claims have not exceeded any of the coverage amounts in any of the last three fiscal years and there were no reductions in the City's insurance coverage during the year ended June 30, 2002.

Complete financial statements for ABAG-PLAN may be obtained from their offices at the following address:

Oakland, CA 94604

City of Morgan Hill

Notes to the General Purpose Financial Statements For the year ended June 30, 2002

16. JOINT POWERS AUTHORITY (*Discretely presented component unit*)

The City and the Morgan Hill Unified School District formed the Corporation Yard Commission, a joint powers authority, in 1975. The Commission issued bonds for real property improvements and leased the property to the City and the School District. The annual lease payments made to the Commission were approximately equal to debt service payments on the bonds and operating costs of the Commission. The lease expired in December 1999, coinciding with the final payment on the bond issue. Title to the property vested with the City at the end of the lease term.

The City and the School District entered into a new lease agreement, effective May 22, 2000, whereby the City has leased a portion of the Corporation Yard to the District. Premises are leased for use as a bus barn for fueling, maintenance, parking and washing. The current lease expires December 31, 2006.

In June of 1995, the property that is shared by the School District and the City was contaminated by a leaking fuel tank. Costs through June 30, 2002 for clean-up and legal fees has been \$1,644,163 of which \$1,290,575 has been reimbursed by the State Water Resources Control Board Underground Storage Tank Fund. It is expected the clean up will be completed in the year 2007 at an additional cost of \$2,000,000..

17. SUBSEQUENT EVENTS

On October 17, 2002 the City issued Refunding Revenue Bonds in the amount of \$25,390,000 for the purpose of providing funds to retire the Morgan Hill Series 1992B South County Regional Wastewater Authority Bonds (see note 9) which are currently outstanding in the aggregate principal amount of \$24,250,000. The \$23,297,557 Capacity Rights Payable shown in Note 9 equals the aggregate principal balance of \$24,250,000 less bond discounts of \$1,587,443. The interest rates on the refunding bonds range from 2.00% to 4.50% and the final maturity is on August 1, 2022. Debt service payments are scheduled annually at amounts that range from \$1.6 million to \$1.8 million per year.

The State of California's Public Retirement System (CalPERS) in which the City participates, as described in Note 10, has notified the City that the City will be required to contribute employer contributions to CalPERS beginning July 1, 2003. The actual 2003/04 employer contribution for miscellaneous employees will be 2.469% of payroll and the actual 2003/04 employer contribution for safety employees will be 6.805% of payroll. In addition, CalPERS has reported in their June 30, 2001, actuarial report that the normal employer contribution rates for fiscal 2003/04 will be 16.912% for the safety plan and 7.290% for the miscellaneous plan. Further, CalPERS staff has indicated that the normal safety plan employer rate will subsequently be higher than

City of Morgan Hill

Notes to the General Purpose Financial Statements

For the year ended June 30, 2002

17. SUBSEQUENT EVENTS, Continued

the 16.912% normal rate because the City recently amended its contract with CalPERS, effective July 1, 2002, to increase safety retiree benefits. Therefore, the City expects to pay increasing employer contribution rates for the next several years. The City has not made employer contributions since fiscal year 1997/98 because the City has had a negative actuarial liability, or surplus assets, during this time period.

City of Morgan Hill

COMBINING AND INDIVIDUAL FUND AND ACCOUNT GROUP STATEMENTS AND SCHEDULES

The accounts of the City are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund balance or retained earnings, revenues and expenditures or expenses, as appropriate. City resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be expended and the means by which spending activities are controlled. The City's funds are grouped as follows:

Governmental Fund Types

Governmental funds are those through which most governmental functions of the City are financed. The measurement focus is upon the determination of changes in financial position, rather than upon net income. Governmental Fund Types include the General Fund, Special Revenue, Debt Service and Capital Project Fund Types.

Proprietary Fund Types

Proprietary funds are used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon the determination of net income. Proprietary Fund Types include Enterprise and Internal Service Funds.

Agency Funds

Agency funds are used to account for assets held by the City for others as a trustee or as an agent for individuals, private organizations, other governmental units and other funds.

Account Groups

Account Groups are used to establish accounting control and accountability for the City's general fixed assets and general long-term obligations.

City of Morgan Hill, California

GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund. This is the fund used for the day-to-day operation of the City.

The General Fund receives its revenues from many sources, including the following:

- Taxes - including property taxes, sales taxes, hotel taxes, franchise & business licenses.
- Aid from other governmental agencies, including motor vehicle in lieu fees and grants.
- Other income, including licenses, permits and charges for current services and interest.

It uses this revenue to provide many different types of services to the public, including:

- Police and Fire Protection, including weed abatement and emergency services.
- General administrative and support services, including the City Manager and City Clerk.
- Other expenditures, including building, planning and engineering and park maintenance.

Revenue and Transfer In Distribution - Total \$15.6 Million

Expenditure and Transfer Out Distribution Total \$14.9 million

City of Morgan Hill

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of special revenue sources, other than special assessments, and major capital projects, that are legally restricted to expenditures for specified purposes.

Supplemental Law Enforcement Services

This fund accounts for the receipt of one time General Fund revenues, AB3229 and grant monies to be used to fund additional police officers and one time capital expenditures.

Community Development

This fund accounts for revenues and expenditures associated with processing development applications, building inspections, engineering services and related fee supported activities.

Street Maintenance

This fund receives monies from state gas taxes based on population, and the funds may be expended only for street and road repair, maintenance, design, construction and traffic signal design and installation. Proposition 111 monies from state gas taxes are received for the Congestion Management Program.

General Plan Update

This fund accounts for revenues and expenditures associated with the City's general plan update.

Housing Block Grant

This fund receives revenues from Santa Clara County on a reimbursement basis, as a part of the federal government's program for low and moderate housing. Expenditures are restricted as to types of activities and nature of expenses, and must benefit low and moderate income individuals seeking housing.

Museum Rental

This fund receives fees from the City owned museum, which are used to offset its operating costs.

OES/FEMA

This fund accounts for the receipt of one time disaster relief revenues to be used to reimburse for the 1998 storm damage.

Available Fund Balance Distribution by Fund - Total \$5.7 million

City of Morgan Hill

SPECIAL REVENUE FUNDS (Continued)

Asset Seizure

This fund accumulates revenue from the seizure of assets obtained by the police department from drug enforcement activities. Expenditures may be made from these funds only for police related activities in accordance with guidelines established by the state and federal governments.

Lighting and Landscape Districts

This fund derives its revenues from an assessment based on expenditures by the City for maintenance services to park areas within small developments. These services benefit the properties against which assessments are levied by ensuring proper upkeep.

Environmental Programs

Sources of funding are limited to 6% of the franchise fee and revenues from the countywide AB939 fee, which are used to fund expenditures related to solid waste management.

Mobile Home Park Rent Stabilization

This fund was created to monitor the fees charged to the mobile home park owners and tenants, as regulated by the Rent Stabilization Ordinance, and to ensure that they cover the City's cost for arbitration and litigation.

Housing Development Fund

This fund was established to account for funds available for activities that benefit elderly persons.

Government/Public Access

This fund was created to account for the administering of the cable television franchise and the public access contract.

Community Center Fund

This fund was created to account for the start-up costs of the new Community/Cultural Center.

Expenditure Distribution by Fund - Total \$7.1 million

CITY OF MORGAN HILL

City of Morgan Hill

DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources for the payment of general long-term debt principal, interest and related costs.

Special Assessment Districts Debt Service Funds

These funds are established to permit the City to sell bonds to provide the funds to construct improvements in new developments. Typically, these improvements are streets, curbs, gutters, sidewalks, water and sewer lines, undergrounding of utilities, and storm drains. The individual lots are assessed a proportionate share of the improvements, the County levies this assessment as part of the annual property tax bill. The County remits the collections to the City, and which in turn pays the debt service on the bonds. The City has some legal obligation for repayment of these bonds.

Reserved Fund Balance Distribution by Fund - Total \$.74 million

Expenditure Distribution by Fund Category - Total \$1 million

Note: The above balances include the amounts designated for debt service.

City of Morgan Hill

CAPITAL PROJECT FUNDS

Capital Project Funds account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by Proprietary and Special Revenue Funds.

Park Capital Improvement

This fund receives revenues from developers of properties and the funds may only be used for the design, development, maintenance and construction of new parks within the City.

Park Maintenance

This fund receives revenues from developers of properties and the funds may be used for the maintenance of the City's parks and for purchase of land for open space.

Storm Drains

This fund receives revenues from developers of properties, and the funds may only be used for the design and construction of new storm drains.

Off Street Parking

This fund accumulates revenue from charges to developers within the downtown core area to help meet future parking requirements.

Open Space

This fund receives revenues from developers of properties and the funds may be used for the purchase of land for open space.

Traffic Mitigation

This fund receives revenues from developers when their projects have an adverse impact on traffic flows, etc. The funds collected may be expended on new streets, traffic signals and improvements of existing streets where they are impacted by new development.

Available Fund Balance Distribution by Fund - Total \$36.0 million

Note: The above balances include the undesignated portion of fund balance and the amounts reserved or designated for the following: Housing, Economic Development and Capital Expansion Projects.

City of Morgan Hill

CAPITAL PROJECT FUNDS (Continued)

Police, Fire and Library Mitigation

These funds' revenues are derived from a fee charged to developers to cover the costs required for police, fire and library capital expansion projects to assist in providing service to new developments.

Public Facilities

This fund has no established source of revenue. Funds are transferred into this fund from the General Fund or other funds as they become available for capital projects which may not be funded by the other capital funds. Typical projects are sidewalk repair and replacement.

Undergrounding

This fund receives revenues from developers for the undergrounding of utilities in areas of new development. Expenditures may be made only for the costs of design and construction associated with undergrounding.

Redevelopment Agency

This fund receives revenue from the increase in property taxes as a result of development within the area of the Agency. The Health and Safety Code requires that 20% of the increase in property taxes be set aside to be used exclusively for housing. Expenditures are to be used to pay for (a) the development of low and moderate income housing within the City as noted above, (b) the administration of the Agency, and (c) development projects within the project area and the debt service payments related to those projects.

Morgan Hill Business Ranch

This fund accounts for costs incurred in the design and construction of streets in this assessment district.

Expenditure Distribution by Fund - Total \$18.2 million

City of Morgan Hill, California

CITY OF MORGAN HILL

City of Morgan Hill

ENTERPRISE FUNDS

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (including depreciation) of providing goods and services to the general public on a continuing basis be recovered through user charges.

Sewer and Water Operations & Capital Projects

These funds receive revenue based on the sale of water and sewer usage. These revenues support the operation of the sewer and water systems including routine maintenance, depreciation, debt service and capital expenses associated with the two systems.

Sewer and Water Mitigation

These funds' revenues are derived from a fee charged to developers to cover the costs required for construction of sewer and water facilities or other related expansion projects to assist in providing service to new developments.

Financing Corporation

This fund represents the activities of the Morgan Hill Waste Water Facilities Financing Corporation, which accounts for the transactions related to repayment of the 1999 Water Certificates of Participation. The annual principal and interest payments are funded through charges made to the Water Fund.

Available Working Capital by Fund - Total \$29.7 million

Expense Distribution by Fund - Total \$13.4 million

City of Morgan Hill

INTERNAL SERVICE FUNDS

Internal Service Funds account for the financing of goods or services provided by a department for other departments on a cost-reimbursement basis.

Human Resources

This fund closed into the General Fund on July 1, 2002.

Finance/Information Systems

This fund consists of 2 sub-funds: finance and information systems. The finance division was closed into the General Fund on July 1, 2002. Based on the number of computers in each department, the information systems sub-fund levies a charge for the costs of operating the information systems fund.

Building Maintenance

This fund levies a charge against each department for its share, based on the square footage of City owned facilities, of the costs of operations for building maintenance.

CIP Administration

This fund levies a charge against each fund for its share, based on payroll, of the costs of implementing the capital improvements program including the costs incurred for personnel, administration and capital outlay.

City Legal Defense

This fund closed into the General Fund on July 1, 2002.

City of Morgan Hill

INTERNAL SERVICE FUNDS (Continued)

Unemployment Insurance

This fund receives funds through charging each department an assessment, based on gross salaries, to cover the cost of the charges for unemployment benefits levied by the state.

Workers' Compensation

This fund assesses a levy against all labor expenditures to provide the revenue to cover the costs for the excess workers' compensation insurance premium, claims administration and expense for the workers' compensation program. A fund reserve covers the City's \$250,000 deductible per claim.

Equipment Replacement

This fund is used to accumulate reserves, via a charge to all operating departments with either equipment and/or vehicles to fund the replacement of the equipment and vehicles.

General Liability Insurance

This fund levies a charge against each operating fund/department for its share, based on payroll, of the liability and property insurance programs to cover expenditures for insurance premiums, claims administration, and claims expense. A fund reserve covers the City's \$50,000 deductible per claim.

Expense Distribution by Fund - Total \$3.0 million

AGENCY FUNDS

Agency funds account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. Assets equal liabilities and the measurement of operations is not a focus.

Special Deposits

This fund receives deposits to guarantee performance on various types of agreements between individuals or companies and the City. The City holds the deposits until such time as the individual or company perform in accordance with the agreement, at which time the deposit is returned to the individual or company. In case of nonperformance, the City retains the deposit.

Police Donation Fund

This fund accounts for donations the City receives for specific programs. This includes the graffiti wipe out program and the DARE program.

Special Assessment District Agency Funds

These funds are established to permit the City to sell bonds to provide the funds to construct improvements in new developments. Typically, these improvements are streets, curbs, gutters, sidewalks, water and sewer lines, undergrounding of utilities, and storm drains. The individual lots are assessed a proportionate share of the improvements, and the County levies this assessment as part of the annual property tax bill. The County remits the collections to the City, which in turn pays the debt service on the bonds. The debt is an obligation of the property owners and the City has no legal liability relating to these bond issues.

CITY OF MORGAN HILL

City of Morgan Hill

GENERAL FIXED ASSET ACCOUNT GROUP

This account group is used to establish accounting control and accountability for the City's general fixed assets. Fixed assets of the City other than those accounted for in the Proprietary Fund Types are accounted for in this account group. Total Proprietary Fund Fixed Assets, net of depreciation, totaled approximately \$46.1 million as of June 30, 1998, which consisted of \$15.5 million in the sewer funds, \$29.8 million in the water funds, and \$0.8 million in total for the internal service funds.

General fixed assets have been acquired for general governmental purposes and for long-term, future redevelopment. Assets purchased are recorded as expenditures in the governmental funds and are capitalized in the General Fixed Assets Account Group. Purchased fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed fixed assets are recorded at estimated fair market value at time received.

Public domain general fixed assets, consisting of certain improvements other than buildings, and including assets such as roads, bridges, curbs and gutters, streets and sidewalks, and lighting systems, are not capitalized and are not included in the General Fixed Assets Account Group. Such assets are normally immovable and of value only to the City, therefore, the purpose of stewardship for capital expenditures is satisfied without recording such assets.

No depreciation has been provided on general fixed assets.

Distribution of General Fixed Assets by Type - Total \$44.8 million

Distribution of General Fixed Assets by Department - Total \$44.8 million

City of Morgan Hill

STATISTICAL SECTION

The statistical section includes a number of statistical tables and charts, providing financial, economic, social, and demographic data about the City. This section reveals trends affecting the City.

The statistical schedules below provide a ten year history on a variety of financial items:

- a. General Governmental Revenues by Source and Expenditures by Function
- b. Assessed and Estimated Actual Value of Taxable Property
- c. General Fund Property Tax Levies and Collections
- d. Property Tax Rates - Direct and Overlapping Governments
- e. Property Values, Construction and Bank Deposits
- f. Demographic Statistics
- g. Special Assessment Billings and Collections
- h. Ratio of Net General Obligation Bonded Debt to Assessed Value and Net Bonded Debt Per Capita.
- i. Ratio of Annual Debt Service Expenditures for General Bonded Debt to Total General Governmental Expenditures
- j. Sewer Revenue Bond Coverage

In addition, the statistical section contains several other useful tables, including:

- a. Principal Employers - this lists the City's major employers which provide a significant amount of employment, sales and property tax revenue to the City.
- b. Property, Sales, Transient Occupancy & Business License Taxes Per Capita, Total Revenue per Capita - these provide comparative revenue information for all cities in Santa Clara County, in comparison against the County average.
- c. Schedule of Direct and Overlapping Debt - this reports on debt of all governmental agencies that is supported at least in part, by the City's taxpayers.
- d. Computation of Legal Debt Margin - this table calculates the City's legal debt limit (the maximum amount of debt the City can issue) and compares it to the debt outstanding at the end of the year to produce the legal debt margin (the amount of debt the City can issue in future years).
- e. Miscellaneous Statistics - this table provides additional information related to the City's financial condition, demographics and services provided.
